Swing Gate SG450 Framed Glass

Premium Value • Framed glass door • One or two way swing • ADA & custom sized

SwingGate SG450

(36" ADA and custom sized widths from 30"- 42")

Applications:

Handicap gates provide authorized access for easy entry and/or exit. They restrict traffic, provide handicap accessibility, and are frequently used as an access point for hand trucks, carts, and deliveries. Popular applications also include, schools, libraries, mass transit, office buildings, and health club facilities where reliable security is required.

The SG450 is our premium priced, framed glass panel gate with a stainless steel finish and self-closing door.

The rectangular modern glass design has an architectural appeal with hidden hinges, center post pivot, two large diameter posts, and built for extreme use to last a lifetime. All models have a 36" clear ADA door opening for handicap access with your choice of a one way 90 degree swing, or two-way 180 degree swing.

Available options include: electric magnetic strike lock for one or two way swing (integrates with access control systems), push button activation (momentary or timer), and custom size widths.

About Hayward Turnstiles:

Hayward Turnstiles has over 50 years of expertise in quality manufacturing of precision aircraft parts and reliable turnstiles.

Our factory, in Milford, CT, is AS9100 Certified to aerospace standards resulting in superior turnstiles.
